

PROTECTAHOME

Pest Control

Commercial Services

FACT:

Protectahome was the first company in our industry to achieve BSi certification in 1987. We have held the accreditation continuously since then.

Established in 1980

Originally founded in Magor and still a family run business with Head Office in Langstone, Newport, Protectahome offers over 37 years of specialist experience from a company with a proven track record. With offices across South Wales and Bristol you're never too far away from a Protectahome Pest Control BPCA qualified technician.

Commercial Pest Control Services

Established in 1980, Protectahome has been providing the highest quality of service in our chosen fields for over 37 years. Our Pest Control team specialise in providing expert support and service to wide variety of commercial clients on both a retained and reactive basis.

Our BPCA qualified and accredited technicians are highly experienced in dealing with a large number of common pests including:

- Flying Insects
- Mice
- Bed Bugs
- Birds
- Ants
- Rats
- Wasps
- Fleas

Our highly competitive pricing offers a cost effective measure that does not compromise on excellent levels of service.

Commercial Pest Control Services

Our commercial customers benefit from a professional and discreet service from a team that proudly retains a host of long term clients across South Wales and the South West. These clients include (amongst others):

- Universities
- Restaurants
- Retail Units
- Hotels
- Warehouses
- Rental Portfolios

As a BPCA accredited company Protectahome ensure that full records and schedules are kept as part of our service ensuring that your business is fully compliant with any necessary pest control legislation. Reactive callouts also form part of our commercial services and contracts.
